Kevin QA 1: preserve this exact approved human strategy.

THE BUSINESS PROBLEM	Explore the barrier to the IMC objective: Drive marginal revenue growth among existing HSD customers. This ultimately has impact on churn reduction, as the more produc ts our customers have with us, the more likely they are to stay. Demonstrate how customers can level up their already premium Xfinity Wifi experience with Xfinity Pro, built around offering the best equipment for households who need more from their connectivity.
OBJECTIVE	Drive marginal revenue growth among existing HSD customers. This ultimately has impact on churn reduction, as the more produc ts our customers have with us, the more likely they are to stay. Demonstrate how customers can level up their already premium Xfinity Wifi experience with Xfinity Pro, built around offering the best equipment for households who need more from their connectivity.
AUDIENCE	Existing HSD Customers, Premium and Tech Enthusiast consumers, with an emphasis upon work-from-home, streaming, and gaming audiences.
INSIGHT	The Input Pack does not establish a validated audience insight; confirm it with research.

	Selected research to investigate: Xfinity Pro - Campaign Extensions Source: AI synthesis of supplied context · V1 · supplied analysis, not independent verification
JOB TO BE DONE	Proposed interpretation to refine — original JTBD not supplied: Proposed XC framing: connect the supplied RTB to the needs of Existing HSD Customers, Premium and Tech Enthusiast consumers, with an emphasis upon work-from-home, streaming, and gaming audiences.. Explore an everyday moment that makes the existing proof meaningful. Preserve the upstream message hierarchy and approved claims. Proposal only — no upstream approval is granted by this agent or by Kevin’s brief-line approval.
REASONS TO BELIEVE	Choose a device to boost and elevate your most important activity Turn the home office into a powerhouse. Boost your work call with the Xfinity app for seamless connectivity, even with gamers in the next room.
STRATEGIC DIRECTION	Suggested interpretation — not approved: Proposed XC framing: connect the supplied RTB to the needs of Existing HSD Customers, Premium and Tech Enthusiast consumers, with an emphasis upon work-from-home, streaming, and gaming audiences.. Explore an everyday moment that makes the existing proof meaningful. Preserve the upstream message hierarchy and approved claims. Proposal only — no upstream approval is granted by this agent or by Kevin’s brief-line approval. The overlooked contribution: Explore the person whose small contribution lets someone else begin an activity. Could making that contribution visible open a recognition territory without suggesting the product creates cooperation? For Xfinity Pro - Campaign Extensions, connect the opportunity to Existing HSD Customers, Premium and Tech Enthusiast

consumers, with an emphasis upon work-from-home, streaming, and gaming audiences. and the supplied objective: Drive marginal revenue growth among existing HSD customers. This ultimately has impact on churn reduction, as the more produc ts our customers

have with us, the more likely they are to stay.

Demonstrate how customers can level up their already premium Xfinity Wifi experience with Xfinity Pro, built around offering the best equipment for
households who need more from their connectivity.

Before the beginning: Look at the pause just before an online activity begins. What expectation or preparation could help a creative team make the supplied product's role understandable? For Xfinity Pro - Campaign Extensions, connect the opportunity to Existing HSD Customers, Premium and Tech Enthusiast consumers, with an emphasis upon work-from-home, streaming, and gaming audiences. and the supplied objective: Drive marginal revenue growth among existing HSD customers. This ultimately has impact on churn reduction, as the more produc ts our customers

have with us, the more likely they are to stay.

Demonstrate how customers can level up their already premium Xfinity Wifi experience with Xfinity Pro, built around offering the best equipment for
households who need more from their connectivity.

WHAT WE NEED

Display

• Standard desktop sizes (animated and static)

• Standard mobile sizes (animated and static)

• CTAs should drive to Xfinity.com

MANDATORIES

• Use new Imagine That visual toolkit to refresh background of existing Xfinity pro Digital templates.

• Leverage new Imagine That messaging guidelines coming soon (see evolved brand voice here)

• Xfinity Pro specific messaging remains unchanged.

• Capitalize ‘Boost’ and ‘Device’ and don’t use device prioritization naming

• To speak to the benefits, you may use ‘boost your [activity] but you may not capitalize ‘boost’ in the scenario (Gaming, work ing, streaming)

• Should look, feel and sound consistent to other Imagine That extensions like OOH, Digital, Social

Background · source line 203
Xfinity products and services work better together. We create tech that fuels your life. With our new creative platform Imagine That, we need to
communicate our broader product ecosystem in a way that makes experiences feel like magic. This should come through across al l aspects of the

campaign extensions—through visual themes and elements that tie in with compelling messaging and our core product offerings that will drive
consumers to take action.

Xfinity Pro is the latest advancement in our premium roadmap to enhance our HSD performance portfolio — further differentiating us in the
marketplace and improving value for dollar.

Xfinity Pro is an HSD bolt-on for an additional $15 a month that includes the 1.) best WiFi equipment (with WiFi 7), 2). a Pro WiFi extender with

unlimited cellular data for seamless connectivity during network outages, 3). a “Prioritize A Device” feature to elevate your most important online
activity, and 4.) up to 2 WiFi Extenders (former WiFi Boost Pods) to eliminate dead spots and support wall-to-wall coverage.
